What's been happening lately?

### The WEP Kick-Off:

Big News of the next 4 weeks is all about the Winter Enrichment Program.

What are you going to learn? Which session will you be sitting in on?

What a **GREAT** opportunity to explore a new direction of potential interest or go deeper into something familiar!

And, who didn't enjoy themselves at the GRAND Harbor Walk International Bazaar and Dinner . . . .

Even the needle-nose fish came out to see what was happening.

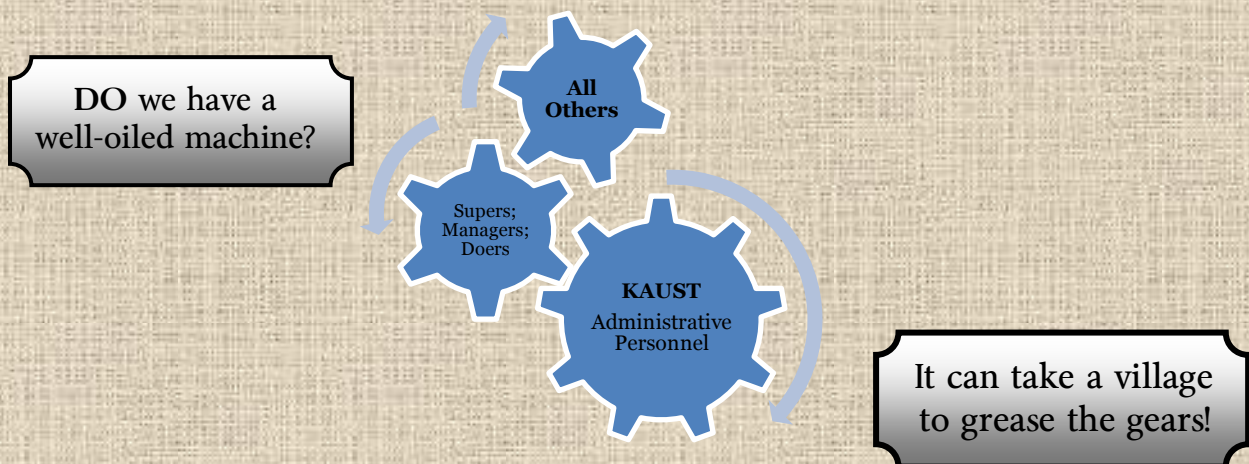

**WOW** – that would certainly describe the colors, flavors and variety we experienced during the evening – but it is also the acronym for Women Of the World – Maryam, Maryam and Catherien, its 3 representatives, organizers and founders! These women have been **WOW**'ing for 10 years. They specialize in developing unique events for large audiences: comedy nights, fashion shows, international functions, and charity events.

A well-lit beacon would have been a nice touch, too (or a better camera).

**Contact** Alex Cummings, the Sport Coordinator, at 808-6606 or 0553720616, to find out about the **NEW KIDS' ACTIVITIES PROGRAM** being offered Saturday – Wednesday afternoons. There is basketball, volleyball, tennis, table tennis, climbing and much more!

Clear communication, teamwork, and open-mindedness all help.

**Community Council:** Will there be a representative committee with whom residents and administration can interface? I'll keep my ears open – can you help? Let me know if you hear anything, please.

If your pet decides to wander and doesn't remember how to roam back, who ya' gonna call? If you find a lost and lonely 4-legged resident, whatcha' gonna do? A couple of 2-legged residents (i.e., humans) are developing a photo and description **pet registry** so you and your family companion (i.e., pet) can get back together with little delay. I'll be sure to let you know when it's up and running.

**Have you noticed** the big recycling and reuse effort now under way? Did you get your **KAUST burlap shopping bag** from the Big Tamimi Market? If not, go in and ask for one. If they don't have any more, maybe more will be ordered by those interested in helping us reduce waste and GO **GREENer**).

**What** could it be? Now is your chance to decide and describe!

Whether you know what this **REALLY** is or whether you have a wonderfully creative mind, now you can let your expressive abilities fly.

**Write** a description of **what this object is** (located on the spine near Building 18, the Student Center, between Buildings 4 and 5) **and what it MIGHT be used for**, and use **100 words or less** to do so.

Be convincing, creative and concise. The most tantalizing 3 will be published here in 2 weeks (**February 1**), so get writing. Submissions accepted **until Jan. 31**.

You must **include** your first and last name (or last initial if you prefer) and your age group (under 16, 17-21, 22-30, over 30), because an overwhelming response might result in age categories and more published articles.

**SEND ME YOUR ENTRIES = 100 words or less = by January 31**

**You can become a published author, if you aren't one already.**

Have you told them you want an ATM in their store?
